Setting up Supplies

Please write your child's name on notebooks, folders, clipboard, and supply box. Please label the divider tabs as follows: class information, Q1, Q2, Q3, and Q4.

Binders: Your child will use two binders this year. One of the binders will go home daily and the components of the OCEAN binder are listed below. The other binder will contain our math curriculum and remain at school each day.

The OCEAN binder will be our daily binder that will be carried to and from school EVERYDAY! O.C.E.A.N. is an acronym for Organized Communication Every Achiever Needs. The OCEAN binder will help your child stay organized and facilitate personal responsibility for his/her learning. It will also help keep you in touch with our classroom and your child's academic journey throughout our third grade year.

How?

The OCEAN binder has different sections that will help your child stay organized throughout the year. In each section you will find "homework helpers" to help reinforce skills learned at school. These resources will be added periodically throughout the year as new concepts and strategies are taught and learned. There are also data graphs and charts that will keep you up to date on your child's progress. You will also find common third grade assessments and writing samples from your child.

Here are the parts you will find in your child's OCEAN binder.

- Left binder pocket:

This is where important notes home from the school, PTA, and your child's teacher can be found, along with homework.

- Binder Tabs:

These tabs will help keep you connected with your child's learning goals throughout the school year. Please do not remove any homework helpers, assessments or data graphs from the binder. Please initial each common assessment score on your child's individual data wall.

- Class Information:

Under this tab you will find information about our classroom. The three main items located in this section will be our daily schedule, our specials schedule for each quarter, and your child's homework check sheet.

- Quarter 1, Quarter 2, Quarter 3, Quarter 4

Under these tabs you will find home helpers specific to each quarter, common assessments, and data walls.

Please initial any new data and leave all items in the OCEAN notebook!
